Total Credits for a BFA degree at PNCA: 121 credits			

Maximum credits that can be transferred to PNCA is 72 credits. Transfer students must complete at least 48 credits at PNCA. Most studio courses taken at Community Colleges that do not meet the PNCA Foundation Studio courses will transfer in as Studio Electives. It is recommended that all students take courses related to expected major interest. Requirements can be waived by strength of portfolio upon review by Chair of department, though credits must still be earned. It is highly recommended that students meet with their CCC advisor while following this pathway. Questions for PNCA can be sent to admissions@pnca.edu.

*Students with the above requirements fulfilled (C- or better grade point average) would automatically enter PNCA with at least 45 credits, with 5 full time semesters left to complete. Upon successful portfolio review, all credits will have been accepted and transferred in a minimum credit ratio of 3 quarters=2 semesters.

Note: Credit base was not used for calculating transfer, but rather contact hours and course content. Design, Illustration, Animation, and Video/Sound majors may have additional 2nd year requirements. It is recommended that all students take courses related to expected major interest, and that Graphic Design majors also take History of Graphic Design. Requirements can be waived by strength of portfolio upon review by Chair of department, though credits must still be earned. If a student at CGCC gets the proper advising, especially in the aspect of the "Major Requirement" then they may indeed transfer in at the 45 semester credit level at PNCA.
