*Coursework must have a grade of C- or better or P (Pass). Students with the above requirements fulfilled (C or better grade point average) may be eligible to enter PNCA as a junior with at least 60 credits, with 4 full time semesters left to complete. To finish the sophomore year, most students would need to take History of (their major) in addition to sophomore requirements of their major, but this would be offset by having completed a 200 level Art history elective. Upon successful portfolio review, all credits will have been accepted and transferred in a minimum credit ratio of 3 quarters=2 semesters. Note: Credit base was not used for calculating transfer, but rather contact hours and course content.

Design, Illustration, Animation, and Video/Sound majors may have additional 2nd year requirements. It is recommended that all students take courses related to expected major interest, and that Graphic Design majors also take History of Graphic Design. Requirements can be waived by strength of portfolio upon review by Chair of department, though credits must still be earned.

If a student at Lane Community College gets the proper advising, especially in the aspect of the "Major requirement" then they may indeed transfer in at the 60 semester credit level at PNCA.
